

**JOIN UESF FOR A RALLY TO  
FUND PUBLIC EDUCATION NOW!**

**WEAR #REDFORED!**

A coalition of educators, students, and parents across the state and country are standing up and fighting back against the endless attacks on public education. In California, the richest state in the nation, we are seeing a historic swell of support demanding a reinvestment back into our schools and communities at the state and local level.

Join us for a rally as we stand in solidarity with educators across the state and call on our elected officials in San Francisco to uphold the commitment made by SF voters who overwhelmingly passed Prop G. The time is now to invest in our students, educators, and schools.

**1/29 Rally  
TO FUND PUBLIC  
EDUCATION
